

LANGLEY CITY CAMPS PARTICIPANT INCLUSION INFORMATION FORM

Langley City is committed to creating a safe, welcoming, and inclusive environment to all camp participants regardless of support needs or extra support or behaviour. This form is intended for parents/guardians/caregivers to provide information to the Daycamp team to help us best support participants with exceptionalities, additional needs, or disabilities.

By providing us with additional information prior to the start of camp, we can create a collaborative (fun/safe/inclusive) environment and work together to provide the resources and support to set all campers up for success. We invite you to share (Good to list: IEP, SAFETY PLAN, Behavioural Plan/Strategies) as much information and details as possible; this will provide staff more opportunities to adapt their programming and be confident in supporting your participant.

All the information you share through the Participant Inclusion Form will remain confidential and only be shared with the Recreation Supervisor and the staff working directly with your child.

- *While our staff works hard to adapt camp programming for participants with exceptionalities, our Daycamp is unable to provide assistance with toileting, changing, lifting or carrying, or administer medication. Should your child require this type or similar assistance, we kindly ask that a parent, caregiver, or family member be available to provide care and support when needed.*
- *At this time, our Daycamp is unable to provide dedicated 1-1 support to campers. When resources allow, we are happy to place an additional volunteer with the camp. All of our volunteers have undergone a Police Information Check and completed our Daycamp In-service training.*
